New standoff, Army says steps taken to thwart China designs

Details of what exactly transpired are sketchy, but sources said Indian troops have positioned themselves at a more advantageous location to prevent Chinese troops from coming in. The area, east of Thakung base, has always been under Indian control and is west of the Indian perception of the LAC, the sources said.

Sources emphasised that there was "no contact, no scuffle, and no engagement" between troops on both sides. Meanwhile, China's state-controlled broadcaster CGTN quoted Senior Colonel Zhang Shuilu, spokesman for the PLA Western Theatre Command, saying the Indian Army crossed the LAC. Zhang called it "a provocative move that violated the previous consensus" and urged India to withdraw forces.

In Beijing, Chinese foreign ministry spokesperson Zhao Lijian said Chinese border troops have always strictly observed the LAC and have never crossed the line. The border troops of the two countries, he said, have been in communication over territory issues.

UP can't pay farmers, Maha sugar mills can't pay workers

The CCEA on August 19 approved a hike in the fair and remunerative price (FRP) of cane to ₹285 per quintal for the 2020-21 marketing year starting October 1, from ₹275 prevailed earlier, but stopped short of raising the minimum selling price (MSP) of sugar. The Niti Aayog had in April recommended a hike in the MSP to ₹33 per kg from ₹31, factoring in the cane FRP of ₹275 per quintal; industry demand is for an MSP of ₹36-38/kg. Maharashtra sugar-industry workers are also seeking a new wage agreement, as the previous one expired in March 2019. Maharashtra has over 200 sugar mills, with a 1.25 lakh workforce.

As per the latest report of the Maharashtra Sugar Commissionerate, as on August 15, mills in the state have paid farmers ₹13,870 crore in cane payments, which was 99.41% of the total amount computed according to the Centre's Fair Remunerate Price.

Sanjay Khatul, MD, Maharashtra State Cooperative Sugar Factories Federation, said even as the sugar industry in the state was operating at a cash loss, the millers made the FRP payments to farmers on time. But, he said, the cash crunch resulted in delays in payments to vendors, banks, transporters and factory workers. Khatul said since the workers' unions had written to the federation for the revision of the wage agreement, the federation wrote to the state labour department, suggesting a list of factory representatives who could be a part of the tripartite panel. A meeting which was to be held last week with deputy CM Ajit Pawar was cancelled.

According to Khatul, the sugar MSP of ₹31/kg means the mills are operating at a cash loss of ₹350/quintal. If the FRP accounts for up to 75% of the market price, the operations could be viable. "If the FRP payments are 80-85% of the market price, how are the millers expected to manage payments other than to farmers," he asked. Maharashtra is now seeking an MSP of ₹38 per kg.

Abhinash Verma, DG, ISMA, drew a contrast between the Maharashtra and UP models for the sugar sector. "Maharashtra has a cooperative model where farmers own the sugar mills, while UP has private mills that are more like corporations in functioning. Maharashtra mills first make the payments to farmers while UP mills first make the bank payments and often fail to make the farmer payments on time." The MSP, he said, should be hiked to ₹36/kg. Since Maharashtra mills default on bank payments, the debts pile up. The mills therefore go into negative net worth and keep seeking bailout packages from the government.
